

Product catalog 2024/2025

Home appliances, kitchen appliances,
personal care

For more than half a century, the Orava brand has been a part of our daily lives. With its technology, quality, and design, it competes as a worthy rival to major global manufacturers. Its long-standing tradition and connection to the name of a Slovak region have made it a symbol of continuous product and technology innovation in many families - from the first radio and the first television receiver to the first color television broadcast, the first LCD TV receiver, and the first DVD player. Today, the brand is steadily gaining ground in various European markets, where it convinces customers through its responsive approach to user demands and its localization of individual products to best suit the specific characteristics of these markets.

The network of branded stores, thousands of retail partners, and almost all of the largest European retail chains supply nearly one million units of Orava products annually across various markets, with a portfolio of more than 150 product types in the fields of television technology, audio, video, and home appliances.

Major domestic appliances

Combined refrigerator

RGO-600

- stainless steel combined refrigerator with freezer
- No Frost technology
- adjustable feet, bottle holder, glass shelves
- reversible door opening direction
- freezing capacity: 4 kg/h
- freezer: 3 transparent plastic drawers
- annual energy consumption: 326 kWh
- energy class: E
- LED lighting
- color: silver
- total gross volume: 588 l
- net volume of refrigerator: 407 l
- net volume of freezer: 181 l
- refrigerator weight: 114 kg
- refrigerator dimensions (WxDxH): 840 x 755 x 1860 mm

Single door refrigerator

RGO-390

- free standing refrigerator
- no Frost technology
- adjustable feet, glass shelves
- door swing direction reversible
- annual energy consumption: 121 kWh
- energy class: E
- LED light
- color: white
- gross volume: 390 l
- net volume: 389 l
- refrigerator weight: 72 kg
- refrigerator dimensions (W x D x H): 595 x 650 x 1860 mm

Combined refrigerator

RGO-381/381 X

- combined refrigerator with freezer
- No Frost Technology
- humidity controlled crisper - Large vegetable socket with humidity control
- adjustable legs, glass shelves
- the possibility of changing the door opening
- freezer capacity: 5kg / 24kg
- freezer: 3 drawers made of clear plastic
- climates: grade SN / T (10 °C - 43 °C)
- annual consumption: 250 kWh
- noise: 39 dB (A)
- energy class : E
- LED lighting
- total gross Volume: 341 l
- total net volume: 324 l
- gross refrigerator volume: 237 l
- net volume of refrigerator: 230 l
- gross freezer volume: 104 l
- net freezer volume: 101 l
- refrigerator dimensions (W x D x H): 595 x 650 x 1860 mm
- refrigerator weight: 72 kg

New

New

Combined refrigerator

RGO-321

- refrigerator/freezer combination
- Less Frost technology
- adjustable legs, bottle holder, glass shelves
- possibility to change door opening direction
- freezer: 3 drawers made of transparent plastic
- noise level: 40 dB (A)
- annual consumption: 277 kWh
- energy class: E
- color: white
- total net volume: 268 l
- net volume of refrigerator: 184 liters
- net volume of freezer: 84 l
- refrigerator dimensions (WxDxH): 540x595x1700 mm
- weight of refrigerator: 49kg

Thanks to LESS FROST technology, up to 50% less frost will form in the refrigerator compared to a conventional fridge. Cleaning and keeping it in tip-top shape will be twice as easy for you.

Combined refrigerator **RGO-262 AW**

- combined refrigerator with freezer
- glass shelves
- freezer compartment divided into 2 sections
- reversible door opening direction
- noise level: 41 dB
- annual energy consumption: 222 kWh
- energy class: E
- total gross volume: 213 l
- net volume of refrigerator: 171 l
- net volume of freezer: 42 l
- refrigerator dimensions (WxDxH): 540 x 570 x 1440 mm
- refrigerator weight: 39 kg

Combined refrigerator **RGO-270**

- combined refrigerator with freezer
- No Frost technology
- adjustable feet, glass shelves
- reversible door swing direction
- freezing capacity: 5.1 kg/24h
- freezer: 3 clear plastic shelves
- annual energy consumption: 224 kWh
- noise level: 43 dB (D grade)
- energy class: E
- color: white
- total net volume: 270 l
- net volume of refrigerator: 195 l
- net volume of freezer: 75 l
- refrigerator dimensions (WxDxH): 540 x 595 x 1800 mm

Single-door refrigerator

RGO-254

- single-door refrigerator
- noise level: 41 dB
- annual energy consumption: 105 kWh
- energy class: E
- built-in/free-standing: No/Yes
- color: white
- total volume: 255 l
- refrigerator dimensions (WxDxH): 540 x 595 x 1455 mm

Combined refrigerator

RGO-105 FW

- single-door refrigerator with freezer
- transparent plastic drawer
- noise level: 40 dB
- annual energy consumption: 145 kWh
- energy class: E
- color: white
- total gross volume: 121 l
- net volume of refrigerator: 105 l
- net volume of freezer: 17 l
- dimensions (WxDxH): 540 x 595 x 838 mm
- refrigerator weight: 27 kg

New

Single-door refrigerator RGO-104 AW

- single-door refrigerator
- adjustable feet, bottle holder, glass shelves
- reversible door opening direction
- climate class: ST/N (10 °C - 43 °C)
- noise level: 41 dB
- annual energy consumption: 113 kWh
- energy class: E
- gross volume of refrigerator: 91 l
- net volume of refrigerator: 90 l
- dimensions (WxDxH): 480 x 500 x 821 mm

Single-door refrigerator RGO-103 AW

- single-door refrigerator with freezer
- adjustable feet, bottle holder, glass shelves
- reversible door opening direction
- climate class: ST/N (10 °C - 43 °C)
- noise level: 41 dB
- annual energy consumption: 113 kWh
- energy class: E
- total volume: 89 l
- refrigerator volume: 80 l
- freezer volume: 8 l
- dimensions (WxDxH): 480 x 500 x 821 mm

Portable refrigerator TF-200

- thermoelectric car refrigerator with cooling box
- versatile use, ideal for camping, picnics, car, and office
- modern design with a 20 l capacity
- dual power supply: 12 V/230 V
- large handle for easy and comfortable transport
- ECO mode
- cooling and warming functions
- high-quality insulation and lid sealing
- powerful motor with quiet operation and long lifespan
- power supply: 220-240 V~ 50 Hz, 12 V
- power consumption: 55 W

Large **20L** capacitysuitable

Upright freezer

FRO-171

- single-door upright freezer
- NO FROST technology
- 4 transparent drawers
- touch controls
- color: white
- gross volume: 175 l
- net volume: 174 l
- freezing capacity: 8 kg/24 h
- climate class: ST/N
- noise level: 41 dB
- dimensions (WxDxH): 540 x 595 x 1455 mm
- weight: 45.5 kg
- annual energy consumption: 266 kWh
- energy class: E

No frost

Upright freezer

FRO-281 AW

- single-door upright freezer
- NO FROST technology
- 7 transparent drawers
- gross volume: 280 l
- net volume: 279 l
- freezing capacity: 13 kg/24 h
- climate class: ST/N
- noise level: 41 dB
- dimensions (WxDxH): 595 x 650 x 1860 mm
- annual energy consumption: 311 kWh
- energy class: E

No frost

New

Upright freezer

FRO-241 AW

- single-door upright freezer
- gross volume: 210 l
- net volume: 188 l
- freezing capacity: 9 kg/24 h
- adjustable feet, bottle holder, glass shelves
- reversible door opening direction
- climate class: ST/N (16 °C - 38 °C)
- noise level: 40 dB
- dimensions (WxDxH): 540 x 595 x 1440 mm
- annual energy consumption: 246 kWh
- energy class: E

New

Freezer

FRO-109 AW

- single-door upright freezer
- mechanical control
- 2 sliding and 1 tilting plastic compartments
- freezer volume: 103 l
- freezing capacity: 7.5 kg/24 h
- reversible door opening direction
- climate class: ST/N (10 °C - 43 °C)
- noise level: 40 dB
- annual energy consumption: 213 kWh
- energy class: E
- dimensions (WxDxH): 540 x 615 x 838 mm

Front-loading washing machine **WMO-710 F**

- energy class: D
- drum capacity: 7 kg
- maximum spin speed: 1,000 rpm
- 15 programs: cotton 90 °C, cotton 60 °C with prewash, cotton 60 °C, cotton 40 °C, eco wash, quick wash, eco 20 °C, synthetic 60 °C, synthetic 40 °C, cold wash for synthetics, delicate laundry 30 °C, wool 30 °C, rinse, spin, drain
- 3-compartment detergent tray
- LCD display
- noise level: washing - 58 dB, spinning - 77 dB
- weight: 57 kg
- dimensions (WxDxH): 597 x 527 x 845 mm

New

Front-loading washing machine **WMO-614 X**

- energy class: D
- SLIM design
- color: silver
- drum capacity: 6 kg
- maximum spin speed: 1,000 rpm
- features: delay start, child lock
- 15 programs: cotton 90 °C, cotton 60 °C with prewash, cotton 60 °C, cotton 40 °C, eco wash, quick wash, eco 20 °C, synthetic 60 °C, synthetic 40 °C, cold wash, delicate laundry 30 °C, wool 30 °C, rinse, spin, drain
- 3-compartment detergent tray
- LCD display
- maximum noise level: 76 dB
- weight: 60.5 kg
- annual energy consumption during washing: 171 kWh
- dimensions (WxDxH): 597 x 416 x 845 mm

New

Front-loading washing machine **WMO-610 A**

- energy class: D
- drum capacity: 6 kg
- maximum spin speed: 1,000 rpm
- 15 programs: cotton 90 °C, cotton 60 °C with prewash, cotton 60 °C, cotton 40 °C, eco wash, quick wash, eco 20 °C, synthetic 60 °C, synthetic 40 °C, cold wash for synthetics, delicate laundry 30 °C, wool 30 °C, rinse, spin, drain
- 3-compartment detergent tray
- noise level: washing - 58 dB, spinning - 77 dB
- weight: 60.5 kg
- dimensions (WxDxH): 597 x 416 x 845 mm

Front-loading washing machine **WMO-511**

- energy class: D
- color: white
- annual energy consumption: 60 kWh/100 cycles
- dimensions: 84.5 x 59.7 x 49.7 cm
- display: LED
- weight: 54.5 kg
- noise level: 76 dB
- drum capacity: 4.2 l
- child lock: yes
- number of programs: 15
- delay start: no

Front-loading washing machine **WMO-810 A**

- energy class: D
- delay start function
- drum capacity: 8 kg
- maximum spin speed: 1,400 rpm
- 15 washing programs
- 3-compartment detergent tray
- large door for easy loading and unloading of laundry
- maximum noise level: 78 dB
- LCD display
- dimensions (WxDxH): 597 x 557 x 845 mm

Tumble dryer **DRY-801**

- energy class: A+++
- color: white
- annual energy consumption: 176 kWh/year
- maximum load: 8 kg
- dimensions (WxDxH): 596 x 609 x 855 mm
- built-in/freestanding: no/yes
- maximum noise level: 65 dB

Comfort **DRYING**

New

Microwave ovens **Miwa-2B/2W**

- 20 l microwave oven with a 245 mm rotating turntable
- mechanical control
- 6 microwave power levels up to 700 W
- defrost function
- 30-minute manual timer
- power supply: 230 V- 50 Hz
- power consumption: 1,100 W

Preparing

Electric oven **Elektra-X30D**

- 30 l electric oven
- temperature control up to 230°C
- 60-minute timer with bell
- 4 stainless steel heating elements
- touch control via digital sensor
- accessories: baking tray, wire rack, tray handle
- power supply: 230 V- 50 Hz
- power consumption: 1,600 W

New

Electric oven **Elektra-X48**

- electric oven with two hotplates
- function selector: top and bottom heating + fan, top heating + fan, top and bottom heating, top heating + grill, top and bottom heating + grill + fan
- internal oven capacity: 48 l
- grill rack and drip tray included
- oven power consumption: 2,000 W
- cast-iron plates with diameters of 155 mm (600 W) and 185 mm (1,000 W)
- individual control for each plate
- continuous temperature adjustment from 100°C to 230°C
- electric thermostat
- power supply: 230 V- 50 Hz
- total power consumption: 3,600 W

New

Electric oven **Elektra-X30**

- electric oven with two hotplates
- function selector: top and bottom heating + fan, top heating + fan, top and bottom heating, top heating + grill, top and bottom heating + grill + fan
- internal oven capacity: 30 l
- simultaneous oven and hotplate functions
- grill rack and drip tray included
- oven power consumption: 1,600 W
- cast-iron plates with diameters of 155 mm (600 W) and 185 mm (1,000 W)
- individual control for each plate
- continuous temperature adjustment from 100°C to 230°C
- electric thermostat
- power supply: 230 V- 50 Hz
- maximum power consumption: 3,200 W

New

Electric oven **Elektra-X28**

- multifunction electric oven with two hotplates
- internal oven capacity: 28 l
- simultaneous oven and hotplate functions
- grill rack and drip tray included
- oven power consumption: 1,400 W
- 2 cast-iron plates with diameters of 155 mm (2x 600 W)
- individual control for each plate
- continuous temperature adjustment from 100°C to 230°C
- electric thermostat
- power supply: 230 V- 50 Hz
- total power consumption: 2,600 W

New

Electric oven **Elektra-X2A**

- electric oven with two hotplates
- function selector: top and bottom heating + fan, top heating + fan, top and bottom heating, top heating + grill, top and bottom heating + grill + fan
- internal oven capacity: 43 l
- accessories include: grill rack, rotisserie skewer, and drip tray
- grill power consumption: 600 W
- oven power consumption: 2,000 W
- cast-iron plates with diameters of 150 mm (600 W) and 185 mm (1,000 W)
- individual control for each hotplate
- continuous temperature adjustment from 100°C to 230°C
- electric thermostat
- power supply: 230 V- 50 Hz
- maximum power consumption: 3,600 W

Electric oven **Elektra-X5**

- electric oven with two hotplates
- internal oven capacity: 38 l
- oven and hotplate functions can be used simultaneously
- accessories include grill rack and drip tray
- grill power consumption: 600 W
- oven power consumption: 2,000 W
- cast-iron hotplates with diameters of 155 mm (600 W) and 185 mm (1,000 W)
- individual control for each hotplate
- continuous temperature adjustment from 100°C to 230°C
- electric thermostat
- power supply: 230 V- 50 Hz
- total power consumption: 3,600 W

Electric oven **Elektra-X1**

- electric oven with two hotplates
- internal oven capacity: 34 l
- oven and hotplate functions can be used simultaneously
- accessories include grill rack and drip tray
- oven power consumption: 2,000 W
- cast-iron hotplates with diameters of 155 mm (600 W) and 185 mm (1,000 W)
- individual control for each hotplate
- continuous temperature adjustment from 100°C to 230°C
- electric thermostat
- power supply: 230 V- 50 Hz
- total power consumption: 3,600 W

Small domestic appliances

Induction cooker VP-22i

- induction ceramic cooker
- 9 selectable power levels (300 W to 2,000 W)
- 9 temperature settings (60°C to 240°C)
- LED display with indicator lights
- easy to clean
- high safety features
- power supply: 220 - 240 V- 50/60 Hz
- power consumption: 2 000 W

Induction cooker VP-200i

- induction ceramic cooker, time and energy saving during cooking
- 10 selectable heat levels (from 120 W to 2,000 W)
- 10 temperature settings (from 60°C to 270°C)
- LED display with indicator lights
- touch control
- easy to clean
- high safety features
- power supply: 230 V- 50 Hz
- power consumption: 2 000 W

Electric induction ceramic cooker with 2 cooking zones

VP-40i

- time and energy saving during cooking
- induction cooking zones with power:
 - left zone max. 2,000 W
 - right zone max. 1,500 W
- selectable heat levels from 300 W to 2,000 W
- 8 temperature settings from 60°C to 240°C
- timer up to 180 minutes
- LED display with indicator lights
- easy to clean
- high safety features
- maximum pot weight (capacity): max. 6 kg
- power supply: 230 V~ 50 Hz
- power consumption: 3 500 W

Multifunction sandwich maker **ST-107**

- double sandwich maker with non-stick coating
- automatic temperature control
- heat-insulated handle
- easy to clean
- indicator lights (power, heating)
- thermal fuse
- power supply: 220 - 240 V - 50 - 60 Hz
- power consumption: 750 W

5-in-1 multifunction sandwich maker **ST-500**

- 5 interchangeable plates with high-quality non-stick coating
- interchangeable plates for sandwiches, waffles, grilling, donuts, and croissant sandwiches
- heat-insulated handle
- easy to clean, plates dishwasher safe
- indicator lights (power, heating)
- thermal fuse
- power supply: 220 V - 240 V - 50/60 Hz
- power consumption: 750 W

3-in-1 multifunction sandwich maker **ST-440**

- 3 interchangeable plates with high-quality non-stick coating
- sandwich maker for 4 sandwiches, waffles, and grilling
- open grill function
- heat-insulated handle
- easy to clean, plates dishwasher safe
- indicator lights (power, heating)
- thermal fuse
- power supply: 220 V - 240 V - 50 Hz
- power consumption: 1400 W

3-in-1 multifunction sandwich maker **ST-300 A**

- 3-in-1 multifunction sandwich maker
- 3 interchangeable plates with high-quality non-stick coating
- interchangeable plates for sandwiches, waffles, and grilling
- heat-insulated handle
- easy to clean, plates dishwasher safe
- indicator lights (power, heating)
- thermal fuse
- power supply: 230 V - 50 Hz
- power consumption: 700 W

Multifunction sandwich maker **ST-106 W**

- 2-slot sandwich maker with non-stick coating
- automatic temperature control
- heat-insulated handle
- easy to clean
- indicator lights (power, heating)
- thermal fuse
- power supply: 230 V - 50 Hz
- power consumption: 750 W

Multifunction sandwich maker **ST-106 B**

- 2-slot sandwich maker with non-stick coating
- automatic temperature control
- heat-insulated handle
- easy to clean
- indicator lights (power, heating)
- thermal fuse
- power supply: 230 V - 50 Hz
- power consumption: 750 W

Electric tabletop grill Grillchef-6

- powerful electric tabletop grill
- non-stick grilling plate
- smooth grill surface for frying, grilling, etc.
- removable drip tray for excess grease
- plug-in thermostat with adjustable temperature control
- easy to clean
- power supply: 220-240 V- 50/60 Hz
- power: 2 200 W

non-stick table grill

Electric tabletop grill Grillchef-5

- powerful electric tabletop grill
- double non-stick grilling plate
- ribbed and smooth grill surfaces for frying, grilling, etc.
- removable drip tray for excess grease
- plug-in thermostat with adjustable temperature control
- easy to clean
- power supply: 220-240 V- 50/60 Hz
- power: 2 000 W

table **contact** grill

Electric foldable
contact grill

Grillchef-4

- function for open and contact grilling
- adjustable temperature from 140 °C to 200 °C
- non-stick grilling plates
- heat-insulated handle
- drip tray for collecting juices and oil
- easy to clean
- power supply: 220-240 V- 50/60 Hz
- power: 2 000 W

Electric table contact grill **Grillchef-3**

- powerful electric table contact grill
- open grill and contact grill function
- independently adjustable temperature (each plate separately)
- combination of 2 grilling surfaces (smooth and ribbed)
- adjustable temperature range from 80°C to 230°C
- non-stick grilling plates
- timer with automatic shut-off
- large LCD display
- audible signal
- heat-insulated handle
- drip tray for collecting juice and oil
- easy to clean, removable grilling plates
- non-slip rubber feet for greater stability
- power supply: 230 V- 50 Hz
- power: 2 000 W

Electric table contact grill **Grillchef-2**

- powerful electric table contact grill
- open grill and contact grill function
- electric control of functions
- 6 automatic grilling programs for various types of dishes
- Defrost function for quick and efficient defrosting of food
- non-stick grilling plates
- heat-insulated handle
- drip tray for collecting juice and oil
- automatic shut-off
- easy to clean, removable grilling plates
- non-slip rubber feet for greater stability
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 800 - 2 000 W

Table grill with glass lid **Grillchef-1**

- double non-stick grilling plate
- ribbed and smooth grill surface allows for frying, grilling, etc.
- heat-insulated handle
- removable drip tray for collecting excess fat
- plug-in thermostat with continuous temperature adjustment
- easy to clean
- power supply: 220 - 240 V- 50/60 Hz
- power: 2 200 W

Electric table contact grill **Grillchef**

- continuous temperature control via thermostat
- grilling plates with non-stick coating
- operating indicator lights
- heat-insulated handle
- drip trays for collecting juices
- easy to clean
- power supply: 230 V- 50 Hz
- power: 2 000 W

Electric kettle 1,5 L

VK-5000

- electric kettle
- water capacity: max. 1,5 l
- Wi-Fi functionality with TUYA app
- LED display
- keep-warm function
- 5 preset temperature settings
- automatic shut-off switch
- dry-boil protection
- concealed heating element
- power supply: 220 - 240 V
- power: 1 500 - 1 800 W

New

Electric kettle 1,7 L

VK-4018

- glass electric kettle
- internal LED lighting during operation
- modern stainless steel and glass design
- water capacity: max. 1,7 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power cord with storage space in the base
- power supply: 220 - 240 V - 50/60 Hz
- power: 2 200 W

Electric kettle 1,7 L

VK-4017 B/W/BL

- glass electric kettle
- internal LED lighting during operation
- modern stainless steel and glass design
- water capacity: max. 1,7 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power cord with storage space in the base
- power supply: 220 - 240 V - 50/60 Hz
- power: 2 200 W

Electric kettle 1,5 L **VK-3813 B/W**

- ceramic electric kettle
- water boiled in the ceramic kettle is odor-free
- water capacity: max. 1,5 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power cord with storage space in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 500 W

Electric kettle 1,8 L **VK-3719 G**

- electric kettle
- water capacity: max. 1,8 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power cord with storage space in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 500 W

Electric kettle 1,7 L **VK-3717**

- electric kettle
- kettle made of stainless steel
- capacity: 1,7 l
- top lid opening with a button press
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- removable water filter mesh
- power supply: 230 V- 50 Hz
- power: 2 000 W

Electric kettle 1,8 L Hiluxe 5

- stainless steel kettle for preparing hot beverages, tea, coffee, etc.
- integrated analog thermometer displaying the current water temperature during heating
- water capacity: max. 1,8 l
- water boiled in the stainless steel kettle is odor-free
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- power-on indicator light
- dry-boil protection
- automatic shut-off
- power cord with storage space in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 850 - 2 200 W

Electric kettle 1,8 L Hiluxe 4

- stainless steel kettle for preparing hot beverages, tea, coffee, etc.
- integrated analog thermometer displaying the current water temperature during heating
- water capacity: max. 1,8 l
- water boiled in the stainless steel kettle is odor-free
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- power-on indicator light
- dry-boil protection
- automatic shut-off
- power cord with storage space in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 850 - 2 200 W

Electric kettle 1,7 L Hiluxe 3

- stainless steel electric kettle
- water capacity: max. 1,7 l
- water boiled in the stainless steel kettle is odor-free
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- power-on indicator light
- dry-boil protection
- automatic shut-off
- power cord storable in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 2 000 W

Electric kettle 1,7 L Hiluxe 2

- electric kettle
- kettle made of stainless steel
- capacity: 1,7 l
- top lid opening with a button press
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- water level scale
- dry-boil protection
- automatic shut-off
- power supply: 220 - 240 V- 50/60 Hz
- power: 2 000 W

Electric kettle 1,7 L **Hiluxe 1 B/W**

- electric kettle
- kettle made of stainless steel
- water capacity: max. 1,7 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power cord storable in the base
- power supply: 220 - 240 V- 50 Hz
- power: 2 200 W

Electric kettle 1,7 L **Delux-1**

- automatic kettle with adjustable temperature settings
- electronic temperature control heats water to the preset temperature
- 5 temperature settings: 60 °C, 70 °C, 80 °C, 90 °C, and 100 °C
- water capacity: max. 1,7 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- storage space for the power cord in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 2 520 - 3 000 W

Electric kettle 1,8 L **Hiluxe**

- stainless steel kettle for preparing hot beverages, tea, coffee, etc.
- integrated analog thermometer displaying the current water temperature during heating
- water capacity: max. 1,8 l
- water boiled in the stainless steel kettle is odor-free
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- removable water filter mesh
- power-on indicator light
- dry-boil protection
- automatic shut-off
- power cord storable in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 800 W

Electric kettle 1,7 L **Delux**

- automatic kettle with adjustable temperature settings
- electronic temperature control heats water to the preset temperature
- 4 temperature settings: 70 °C, 80 °C, 90 °C, and 100 °C
- keep-warm function for up to 60 minutes
- audible and visual indicators
- water capacity: max. 1,7 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 850 - 2 200 W

Electric kettle 1,7 L **VK-3727**

- electric kettle
- water capacity: max. 1,7 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power cord with storage space in the base
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 850 - 2 200 W

Electric kettle 1,7 L **VK-3715**

- electric kettle
- kettle made of stainless steel
- water capacity: max. 1,7 l
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- power cord storable in the base
- power supply: 230 V- 50 Hz
- power: 2 000 W

Tea kettle 1,5 L **VK-150**

- glass teapot with stainless steel infuser
- unique and elegant shape
- suitable for preparing tea, herbs, coffee, or other hot and cold beverages
- stainless steel infuser prevents tea leaves from escaping
- easy to maintain
- dishwasher safe
- teapot capacity: 1,5 l

Electric kettle 1,2 L

VK-3712

- electric kettle
- kettle made of stainless steel
- capacity: 1,2 l
- top lid opening with a button press
- kettle on a detachable 360° rotating base
- heating element covered with stainless steel plate
- dry-boil protection
- automatic shut-off
- removable water filter mesh
- power cord storable in the base
- power supply: 230 V- 50 Hz
- power: 1 600 W

Electric kettle 1,7 L

VK-3217

- water capacity: max. 1,7 l
- water boiled in the stainless steel kettle is odor-free
- kettle on a detachable 360° rotating base
- top lid opening with a button press
- heating element covered with stainless steel plate
- removable water filter mesh
- power-on indicator light
- dry-boil protection
- automatic shut-off
- power cord storable in the base
- power supply: 230 V- 50 Hz
- power: 2 000 W

Travel kettle 0,5 l VK-2050

- cestovná elektrická kanvica s objemom 0,5 l
- funkcia automatického vypnutia
- ochrana proti prehriatiu
- prekrytá vyhrievacia špirála
- dodávaná s 2 plastovými šálkami, s 2 plastovými lyžičkami a zásobníkom na cukor i kávu
- praktické vrecko na príslušenstvo
- napájanie: 230 V- 50 Hz

Kitchen blender **RM-208 B/W**

- kitchen blender with a high-performance 500 W motor
- glass container with a capacity of 1,5 L
- 2 speeds
- pulse function for instant maximum power
- easy to clean, all detachable parts are dishwasher safe
- non-slip feet for greater stability
- power supply: 220 - 240 V- 50/60 Hz
- power: 500 W

Hand blender **RM-610**

- multifunctional hand blender 3-in-1 with a 600 W motor
- easy chopping, whisking, and blending
- stepless power control
- universal chopping knife suitable for preparing minced meat, nuts, and crushing ice
- blending container with a capacity of 0,8 L
- whisking container with a capacity of 0,6 L
- smooth surface and ergonomic design
- easy to clean, all detachable parts are dishwasher safe
- power supply: 230 V- 50 Hz
- power: 600 W

Kitchen blender **RM-207**

- kitchen blender with a high-performance 600 W motor
- stainless steel 4-blade knife
- glass container with a capacity of 1,5 L
- 2 speeds
- pulse function for instant maximum power
- easy to clean, all detachable parts are dishwasher safe
- non-slip feet for greater stability
- power supply: 230 V- 50 Hz
- power: 600 W

Hand blender **RM-600**

- electric hand blender
- powerful 600 W motor
- 2 speeds
- easy operation
- smooth surface and ergonomic design
- power supply: 230 V- 50 Hz
- power: 600 W

Hand blender RM-1200

- electric hand immersion blender 3-in-1
- powerful 1200 W motor
- easy chopping, whisking, and blending
- stepless power control
- blending container with a capacity of 0,6 L
- whisking container with a capacity of 0,8 L
- power supply: 220 - 240 V- 50 - 60 Hz
- power: 1200 W

New

Hand blender RM-800 B

- multifunctional hand blender 3-in-1 with an 800 W motor
- easy chopping, whisking, and blending
- stepless power control
- universal chopping knife, suitable for preparing minced meat, nuts, and crushing ice
- blending container with a capacity of 0,5 L
- whisking container with a capacity of 0,6 L
- smooth surface and ergonomic design
- easy to clean, all detachable parts are dishwasher safe
- power supply: 230 V- 50 Hz
- power: 800 W

Hand blender RM-250 A

- electric hand immersion blender
- powerful 450 W motor
- 2 speeds
- turbo function for instant maximum power
- easy operation
- smooth surface and ergonomic design
- power supply: 230 V- 50 Hz
- power: 450 W

New

Smoothie blender **RM-1001**

- 2 types of stainless steel knives for grinding and blending
- 3 blending containers
(1x large 900 ml, 1x medium 500ml, 1x small 300 ml)
- with a power of 20,000 rpm, you can blend even hard foods like grains, ice cubes, etc.
- easy to clean, all detachable parts are dishwasher safe
- non-slip feet for greater stability
- rich accessories with a special travel lid
- power supply: 220 - 240 V- 50 - 60 Hz
- power: 1 000 W

Smoothie blender **RM-700**

- high-speed smoothie blender
- processes ingredients in a way that retains nutrients, vitamins, and minerals
- suitable for preparing juices, ice cream, fruit desserts, cocktails, etc.
- ideal for making delicious smoothies
- prepare your favorite smoothies in just a few minutes
- freshly prepared smoothies can be taken with you to school, work, or the sports field
- stainless steel knives
- blending container with a capacity of 570 ml with a special travel lid
- with high speeds of 23,000 rpm, you can blend even hard foods like grains, ice cubes, etc.
- easy to clean, all detachable parts are dishwasher safe
- non-slip feet for greater stability
- exceptionally convenient and compact
- power supply: 230 V- 50 Hz
- power: 700 W

Smoothie blender **RMU-40A**

- portable USB smoothie blender
- stainless steel 4-blade knife
- silicone strap for carrying
- LED light indicator
- 20,000 rpm
- container with a capacity of 400 ml
- charging via USB port
(computer, tablet, power bank, or wall adapter)
- power supply: 5 V, 1,000 mA
- battery: 7.4 V/4,000 mAh (Li-ion)
- power: 130 W

Smoothie blender **RM-500 B**

- high-speed smoothie blender
- processes ingredients in a way that retains nutrients, vitamins, and minerals
- suitable for preparing juices, ice cream, fruit desserts, cocktails, etc.
- ideal for making delicious smoothies
- prepare your favorite smoothies in just a few minutes

- easy to clean, all detachable parts are dishwasher safe
- non-slip feet for greater stability
- exceptionally convenient and compact
- power supply: 230 V- 50 Hz
- power: 500 W

Electric hand mixer

SL-500 C

- electric hand mixer with a rotating bowl
- 5 speeds and TURBO function for maximum power
- 2,5 L rotating stainless steel bowl with mechanical drive
- set of whisk attachments and dough hooks
- tilt-up arm
- power supply: 220 - 240 V- 50/60 Hz
- power: 500 W

Electric hand mixer

SL-400 C

- electric hand mixer with a rotating bowl
- 5 speeds and TURBO function for maximum power
- 2,5 L rotating bowl with mechanical drive
- set of whisk attachments and dough hooks
- tilt-up arm
- power supply: 220 - 240 V- 50/60 Hz
- power: 400 W

Electric hand mixer

SL-200 C

- electric hand mixer with a rotating bowl
- 5 speeds and TURBO function for maximum power
- 2,5 L rotating bowl with mechanical drive
- set of whisk attachments and dough hooks
- tilt-up arm
- power supply: 230 V- 50 Hz
- power: 300 W

Electric hand mixer

SL-150

- high-performance motor
- 5 speeds
- 2 functions: mixing, whisking
- whisk attachments
- mixing beaters
- turbo function
- power supply: 220 - 240 V - 50/60 Hz
- power: 500 W

Electric hand mixer

SL-140

- high-performance motor
- 6 speeds and TURBO function for maximum power
- 2 functions: whisking, mixing
- mixing hooks and whisk attachments made of stainless steel
- power supply: 220 - 240 V - 50/60 Hz
- power: 400 W

Electric hand mixer

SL-110

- high-performance motor
- 5 speeds and TURBO function for maximum power
- 2 functions: whisking, mixing
- mixing hooks and whisk attachments made of stainless steel
- power supply: 230 V - 50 Hz
- power: 300 W

Electric hand mixer

SL-109

- high-performance motor
- 5 speeds
- 2 functions: mixing, whisking
- whisk hooks
- mixing beaters
- turbo function
- power supply: 230 V - 50 Hz
- power: 300 W

Low-speed screw juicer

Taurus-2

- thanks to the auger/screw thread, it presses like a meat grinder, extracting maximum energy, vitamins, and flavor from ingredients
- higher juice yield from fruits or vegetables compared to standard juicers
- large feed tube suitable for juicing whole fruits and vegetables
- quiet motor operation, easy to use and clean
- reverse motor function prevents clogging and allows processing larger batches without cleaning
- power supply: 220 - 240 V- 50/60 Hz
- power: 200 W

**Vertical
method of juicing**

**Reverse
function**

**Easy
use**

200 W

Food dehydrator **SU-105**

- food dehydrator with 10 trays
- efficient fan for quick and effective food drying
- adjustable temperature range: 40 °C - 70 °C
- large LCD display with backlight
- digital timer (1 - 48 hours) with automatic shut-off
- low power consumption
- power supply: 220 - 240 V- 50/60 Hz
- power: 350 W

Food dehydrator **SU-106**

- food dehydrator with 5 trays
- efficient fan for quick and effective food drying
- adjustable temperature range: 35 °C - 70 °C, 5 °C
- LCD display with backlight
- digital timer (1 - 24 hours)
- power supply: 230 V- 50 Hz
- power: 420 W

Food dehydrator **SU-103 A**

- food dehydrator
- efficient heater for quick and effective drying
- 5 drying trays (expandable up to 7 trays)
- universal drying temperature set at 50 °C
- adjustable temperature regulation via ventilation openings
- low energy consumption
- switch with light indicator
- power supply: 230 V- 50 Hz
- power: 125 W

Food dehydrator **SU-102**

- food dehydrator
- 5 freely adjustable trays with the option to purchase 2 additional trays
- highly efficient heater and fan ensure thorough air circulation for quick and effective food drying
- easy control via temperature adjustment knob
- adjustable temperature range from 35 °C to 70 °C
- safety fuse
- power supply: 230 V- 50 Hz
- power: 240 W

Practical hot-dog maker HM-04

- hot dog maker with egg cooking option
- two vertical stainless steel prongs for warming buns
- non-stick cooking surface
- heating tray for 6 sausages
- steaming sausages in hot steam
- removable attachment for cooking 1 to 6 eggs
- can also cook corn on the cob, asparagus, and broccoli
- thermal fuse for safety
- easy to use and maintain
- power supply: 220 - 240 V~, 50/60 Hz, 400 W/40 W

New

Practical hot-dog maker HM-03/GR

- hot dog maker with egg cooking option
- two vertical stainless steel prongs for warming buns
- non-stick cooking surface
- heating tray for 6 sausages
- steaming sausages in hot steam
- removable attachment for cooking 1 to 6 eggs
- can also cook corn on the cob, asparagus, and broccoli
- thermal fuse for safety
- easy to use and maintain
- power supply: 220 - 240 V~, 50/60 Hz
- power: 340 W/25 W

Practical hot-dog maker HM-01/GR

- one vertical stainless steel prong for warming buns
- non-stick cooking surface
- heating tray for up to 6 sausages
- steaming sausages in hot steam
- thermal fuse for safety
- easy to use
- power supply: 230 V~, 50 Hz
- power: 350 W/15 W

Cotton candy machine **CM-551**

- cotton candy machine
- a great addition to your celebrations, special occasions, and parties
- your children won't resist the sweet temptation

Coffee grinder KM-803

- electric coffee grinder
- 45 g coffee bean capacity
- grind thickness depends on the grinding duration
- safety lock to prevent operation without the cover
- stainless steel blade
- easy operation
- powerful 180 W motor
- power supply: 220 - 240 V- 50/60 Hz
- power: 180 W

Coffee grinder KM-802

- electric coffee grinder
- 50 g coffee bean capacity
- grind thickness depends on the grinding duration
- safety lock to prevent operation without the cover
- stainless steel blade
- easy operation
- power supply: 230 V- 50 Hz
- power: 140 W

Coffee grinder KM-800 S

- electric coffee grinder
- 50 g coffee bean capacity
- grind thickness depends on the grinding duration
- safety lock to prevent operation without the cover
- stainless steel blade
- easy operation
- power supply: 230 V- 50 Hz
- power: 150 W

Electric milk frother

MF-402

- electric milk frother and heater
- suitable for preparing caffe latte, cappuccino, macchiato, and iced coffee
- 4 selectable programs, one-button operation
- can process up to 250 ml of milk for frothing and up to 350 ml of milk for heating
- switch with light indicator
- heating base with a covered heating coil
- easy to clean
- transparent lid
- automatic switch to standby mode
- power supply: 220 - 240 V- 50/60 Hz
- power: 500 W

Electric milk frother

MF-401

- electric milk frother and heater
- suitable for preparing caffe latte, cappuccino, macchiato, and iced coffee
- detachable base like a kettle
- can process up to 115 ml of milk for frothing and up to 300 ml of milk for heating
- switch with light indicator
- heating base with a covered heating coil
- easy to clean
- transparent lid with silicone seal
- automatic switch to standby mode
- power supply: 230 V- 50 Hz
- power: 500 W

Electric milk frother

MF-400

- electric milk frother and heater
- suitable for preparing caffe latte, cappuccino, macchiato, and iced coffee
- detachable base like a kettle
- can process up to 115 ml of milk for frothing and up to 240 ml of milk for heating
- 2-function switch with light indicator
- heating base with a covered heating coil
- illuminated buttons
- easy to clean
- transparent lid with silicone seal
- automatic switch to standby mode
- power supply: 230 V- 50 Hz
- power: 400 W

Kitchen scale

EV-15

- digital kitchen scale
- stainless steel surface for easy maintenance
- practical hanging hook
- large LCD display
- capacity up to 5,000 g (accuracy 1g)
- measurement of water and milk volume (ml/cup)
- weight measurement (g/oz)
- TARE function for zeroing/re-weighing
- large buttons for convenient operation
- automatic shut-off when inactive

Electric knife sharpener BN-45 R/B

- electric knife sharpener
- diamond sharpening wheels reliably sharpen knife blades
- quick and easy sharpening of kitchen and sport knives
- two-stage sharpening system
- guiding grooves automatically maintain the required angle for the blade
- precise initial coarse sharpening in the guiding grooves creates the desired blade edge angle
- fine honing precisely sharpens the knife blade
- power supply: 220 - 240 V - 50 Hz
- power: 40 W

Electric knife sharpener BN-44

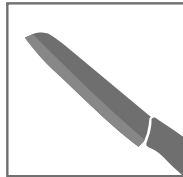

- multi-functional electric sharpener
- sharpening wheels reliably sharpen knife blades, scissors, or even screwdrivers
- quick and easy sharpening process
- 2-stage sharpening system
- guiding grooves for the blade automatically maintain the required angle
- fine honing precisely sharpens knife or scissor blades
- compact size and lightweight
- suction rubber feet for greater stability during sharpening
- power supply: 230 V- 50 Hz
- power: 60 W

suitable for

kitchen knife

ceramic knife

Electric knife sharpener **BN-30**

- electric knife sharpener 2 in 1
- 2-stage sharpening system
- electric sharpening system with sapphire sharpening wheels for initial coarse sharpening
- manual sharpening system with ceramic sharpening rods for fine honing of knives
- quick and easy sharpening of kitchen and sports knives
- guiding grooves for the blade automatically maintain the required angle
- power supply: 220 - 240 V- 50 Hz
- power: 10 W

suitable for

chop knife

kitchen knife

fishing knife

Hand knife sharpener **BN-10**

- manual knife sharpener
- 2-stage sharpening system: diamond wheels for coarse sharpening and ceramic wheels for fine honing
- suitable for both straight and serrated edges
- guiding grooves for the blade automatically maintain the required angle
- Soft Touch handle for easy and safe handling

Electric salt and pepper grinder

PM-16

- electric salt and pepper grinder
- made of stainless steel
- easy operation with the push of a button

Home appliances

Electric iron **ZE-302**

- electric steam iron
- excellent glide of the ceramic soleplate
- high resistance to abrasion
- perfect steam distribution while ironing
- vertical steam ironing capability
- Self-Cleaning function
- Anti-Calc self-cleaning function
- Auto Shut off function for automatic iron turn-off
- Anti-Drip function to prevent water drips
- spray function
- variable steam output up to 40 g/min
- 2.5 m power cord with swivel joint
- 320 ml water tank
- power supply: 230 V- 50 Hz
- power: 2 800 W

Electric iron **ZE-300**

- electric steam iron
- excellent glide of the Teflon soleplate
- high resistance to abrasion
- perfect steam distribution while ironing
- vertical steam ironing capability
- Self-Cleaning function
- Anti-Calc self-cleaning function
- spray function
- variable steam output up to 50 g/min
- power cord with swivel joint
- 200 ml water tank
- power supply: 230 V- 50 Hz
- power: 2 500 W

Electric iron **ZE-301**

- electric steam iron
- excellent glide of the ceramic soleplate
- high resistance to abrasion
- perfect steam distribution while ironing
- vertical steam ironing capability
- Self-Cleaning function
- Anti-Calc self-cleaning function
- Auto Shut off function for automatic iron turn-off
- Anti-Drip function to prevent water drips
- spray function
- variable steam output up to 40 g/min
- 2.5 m power cord with swivel joint
- 320 ml water tank
- power supply: 230 V- 50 Hz
- power: 2 600 W

Electric iron **ZE-202**

- electric iron for dry ironing
- excellent glide of the non-stick soleplate
- smooth temperature control with light indicator
- easy maintenance
- power cord with swivel joint
- power supply: 230 V- 50 Hz
- power: 1 400 W

Garment steamer **Steameasy**

- handheld garment steamer
- easy wrinkle removal thanks to continuous steam output
- horizontal and vertical steaming
- ergonomic design for comfortable handling
- safe for use on all types of fabrics
- removes odors, viruses, bacteria, and dust mites
- nozzle for even more efficient ironing
- keeps clothes wrinkle-free even while traveling
- water tank capacity: 100 ml
- power supply: 230 V- 50 Hz
- power: 1 200 W

Garment steamer **Steameasy W**

- handheld garment steamer
- easy wrinkle removal thanks to continuous steam output
- horizontal and vertical steaming
- ergonomic design for comfortable handling
- safe for use on all types of fabrics
- removes odors, viruses, bacteria, and dust mites
- nozzle for even more efficient steaming
- ensures wrinkle-free clothes even while traveling
- water tank capacity: 100 ml
- power supply: 230 V- 50 Hz
- power: 1 200 W

Garment steamer **Steameasy-1**

- hand-held garment steamer
- easy removal of wrinkles thanks to continuous steam output
- horizontal and vertical steaming
- ergonomic design for comfortable handling
- safe to use on all fabric types
- removes odors, viruses, bacteria, and dust mites
- attachment for more efficient ironing
- ensures wrinkle-free clothes while traveling
- water tank capacity: 270 ml
- power: 230 V- 50 Hz
- power: 1 300 W

Vacuum cleaner **Volcano-1**

- powerful bagged vacuum cleaner
- electronic power control
- metal telescopic tubes
- dust bag full indicator
- action radius 9.5 m (7 m power cord length)
- automatic power cord rewind
- accessories: floor, crevice, round brush, parquet, upholstery, and turbo floor nozzle
- easy to operate and maintain
- power supply: 220 - 240 V- 50/60 Hz
- power: 700 W

Powerful ash vacuum cleaner **VY-235**

- suitable for vacuuming cold ash from fireplaces, chimneys, stoves, and grills
- large 12 l dust container
- handle for easy transport
- metal suction hose for maximum safety
- washable HEPA filter
- suction power: $\geq 7.3/8$ KPA
- noise level: ≤ 75 dB (A)
- battery: 2000 mAh
- rechargeable, charging time: 3 h
- operating time: 20 minutes / 15 minutes
- power: 120 W

Vacuum cleaner **Volcano**

- extra quiet and powerful bagged vacuum cleaner
- energy-efficient ECO motor
- noise level at full power only 68 dB (A)
- electronic power control
- metal telescopic tubes
- dust bag full indicator
- action radius 9 m (6 m power cord length)
- automatic power cord rewind
- accessories: floor, crevice, and round brush nozzle
- easy to operate and maintain
- power supply: 230 V- 50 Hz
- power: 600 W

Powerful ash vacuum cleaner **VY-236**

- suitable for vacuuming cold ash from fireplaces or soot from chimneys, stoves, and grills
- large 15 l dust container
- handle for easy transport
- aluminum suction tube
- metal suction hose for maximum safety
- washable HEPA filter
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 000 W

Handheld bagless vacuum cleaner

VY-240 A

- handheld bagless vacuum cleaner
- energy-efficient eco motor
- metal extension handle for convenient standing vacuuming
- easy to store with removable extension handle
- washable HEPA filter
- power cord: 4.8 m
- dust container capacity: 0.6 l
- accessories: floor nozzle, crevice nozzle, and turbo floor nozzle

Preparing

Stick vacuum cleaner Neptun-1

- cordless 2-in-1 stick vacuum cleaner
- integrated handheld vacuum for easy dust and debris removal from furniture, tables, or vehicle interiors
- freedom of movement while cleaning without a power cord
- cyclonic system with HEPA filter
- quick and easy solution for vacuuming all surface types
- floor nozzle with electric rotating brush
- LED lighting integrated into the nozzle for visibility while cleaning
- ergonomic handle and lightweight design
- easy filter cleaning
- runtime approx. 20 to 50 min without recharging
- 2 power settings
- charging base
- self-standing for easy storage
- NiMH battery: 25.2 V (2,200 mAh)
- power supply: 32 V, 500 mA

Cordless vacuum cleaner Acuvac

- portable cordless vacuum cleaner with USB-C port
- compact size and stylish design
- convenient dust and debris removal from furniture, tables, or vehicle interiors
- freedom of movement while cleaning without a power cord
- battery charging via USB-C port
- easy filter cleaning
- maximum runtime: 15 min without recharging
- Li-Ion battery: 7.2 V (2,000 mAh)
- power supply: 5 V, 2,000 mA

Cordless & USB

Battery-powered window cleaner

Lautus-1

- battery-powered window cleaner with dirt and dirty water suction
- innovative window cleaning solution
- suitable for all flat surfaces (windows, mirrors, tiles, etc.)
- easy to use
- battery runtime: 40 minutes
- charging time for fully discharged battery: < 3.5 hours
- dirty water tank capacity: 60 ml
- squeegee width: 28 cm
- extension set included
- battery voltage: 3.7 V, 2,200 mAh (Li-ion)
- AC adapter: 230 V- 50 Hz, 5 V/1 A

Table fan **SF-5 Mini**

- mini table USB fan
- powered via USB port from a computer, tablet, power bank, or wall adapter
- compact design for space-saving
- very quiet and reliable operation
- 3 motor speeds with indicator lights
- oscillating (rotates within 90° range)
- fan blades protected by a safety grille
- fan blade diameter: 150 mm
- power supply: DC 5 V, 1 000 mAh

Preparing

Table fan **SF-100X**

- table fan with metal blades and cover
- 3 adjustable fan speeds
- fan blades protected by a metal cover to prevent injury
- elegant all-steel design
- oscillating (rotates within a 75° range)
- 30 W

Stand fan **SF-200X**

- stand fan with an attractive stainless steel design
- very quiet and reliable operation
- 3 motor speeds
- oscillating (rotates within a 90° range)
- fan blade protected by a grille to prevent injuries
- fan blade diameter: 400 mm
- power supply: 230 V- 50 Hz
- power: 50 W

Stand fan **SF-300**

- very quiet and reliable operation
- 4 motor speeds
- adjustable fan height from 650 to 750 mm
- oscillating, rotates within a 90° range (vertical) and 60° range (horizontal)
- intuitive and easy control via touch panel or remote control
- 2 automatic fan settings: normal and night modes
- timer function up to 7 hours
- fan blade protected by a grille to prevent injuries
- fan blade diameter: 230 mm
- power supply: 220 - 240 V- 50/60 Hz
- power: 55 W

Mobile air conditioner

ACC-20

- suitable for immediate use without complex installation
- ideal for spaces where structural modifications are not allowed
- 3 operating modes: cooling, drying, and air cleaning through ventilation
- temperature range adjustable from 17 °C to 30 °C
- can be controlled with the included remote control
- 24-hour timer for automatic on/off
- SLEEP night mode with quiet operation
- control panel with indicators and LED display
- 4 wheels and integrated handle for easy maneuvering
- manually adjustable tilt of horizontal and vertical louvers
- flexible hose with variable length for hot air exhaust
- closeable outlet for condensed water
- window sealing plate for connecting the hot air exhaust hose to sliding windows
- recommended room area: 20 - 30 m²
- cooling capacity: 2,05 kW (7 000 BTU/h)
- eco-friendly refrigerant: R410A
- noise level: 56 dB (A)
- energy class: A
- power supply: 230 V- 50 Hz, 800 W

Air coolers

Portable air cooler

AC-012

- portable air cooler
- functions: air cooler, heater, humidifier, and air purifier
- energy-efficient power: 80 W (when cooling)
- water consumption 1 l/h
- 4 wheels for easy movement of the device
- no installation required
- 3 power levels (low, medium, high)
- integrated adjustable timer up to 8 hours
- operation with two frozen accumulators (included) or ice cubes
- integrated water filtration system
- water tank capacity: 6 L
- remote control
- noise level: 45 - 57 dB
- power supply: 220-240 V- 50 Hz, 80 W

Mini air cooler

AC-03 mini

- personal mini air cooler 3-in-1
- powered via USB port from a computer, tablet, power bank, or wall adapter
- functions: air cooler, humidifier, and air purifier
- 3 power levels (low, medium, high)
- built-in LED lighting with 6 colors to create a wellness atmosphere
- integrated water filtration system
- water tank capacity: 0,4 l
- quiet operation
- power supply: DC 5 V, 1 000 mAh, 2,5 W

Fan heater

VL-204

- fan heater
- modern design and low noise level
- 2 power settings (1 000 W and 2 000 W)
- continuously adjustable thermostat
- handle for easy portability
- overheat protection
- safety switch – automatic shut-off in case of tipping over
- power indicator light
- power supply: 220 - 240 V- 50/60 Hz
- power consumption: 2 000 W

Plug-in fan heater VL-101 mini

- takes up almost no space
- suitable for bedrooms, living rooms, bathrooms, offices, or garages
- safe ceramic heating element
- on/off switch
- adjustable temperature: 15 - 45 °C
- timer: 1 - 12 hours
- large LED display
- power supply: 220 - 240 V- 50/60 Hz, 400 W

Fast

Oil radiator with 11 fins

OH-11 A

- 3 power levels: 800 W, 1 200 W, and 2 000 W
- continuously adjustable thermostat for setting and maintaining the desired room temperature
- indicator lights for power status
- built-in 400 W fan heater
- 4 wheels and handle for easy mobility
- overheat protection
- space for winding the power cable
- power supply: 230 V- 50 Hz
- power: 2 400 W

Halogen heater

HO-83

- halogen heater with 3 heating elements
- high heating efficiency without air turbulence
- 3 levels of heating power: 400 W, 800 W, and 1 200 W
- oscillation function
- convenient handle for easy portability
- safety tip-over switch
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 200 W

Halogen heater

HO-82

- halogen heater with 3 heating elements
- high heating efficiency without air turbulence
- 3 levels of heating power: 400 W, 800 W, and 1 200 W
- oscillation function
- convenient handle for easy portability
- safety tip-over switch
- power supply: 220 - 240 V- 50/60 Hz
- power: 1 200 W

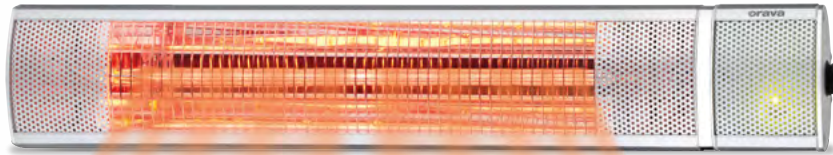

Electric convector **EK-2007**

- electric fan heater
- quick heating
- 2 heat settings: 1 250 W / 2 000 W
- fan for faster and more efficient heating
- thermal safety fuse
- safety shut-off switch when the device is tipped over
- handles for easy transport of the unit
- power supply: 220 - 240 V- 50/60 Hz
- power: 2 000 W

2 000 W

Infrared heater **IO-20**

- wall-mounted infrared heater
- individual heating for offices, terraces, garages, and outdoor spaces with infrared heat
- targeted heat transfer to people and objects, not randomly into the surrounding air
- power of 2,000 W, adjustable in 3 levels, with a non-glare gold-plated infrared tube
- easy and convenient control via remote control
- resistant to adverse weather conditions
- stable aluminum body (IP55 protection class)
- easy wall mounting
- power supply: 220 - 240 V- 50/60 Hz
- power consumption: 2,000 W

750 W- 1 200 W- 2 000 W

New

Folding electric shoe dryer **SW-482**

- electric radiator for shoes and gloves
- gentle drying
- thermal tubes dry 2 pairs of shoes at once
- energy-efficient – low power consumption
- easy to use
- power supply: 220 - 240 V- 50/60 Hz
- power: 42 W

Electric shoe dryer **SW-472**

- electric radiator for shoes and gloves
- gentle drying
- thermal tubes dry up to 3 pairs of shoes at once
- energy-efficient – low power consumption
- easy to use
- power supply: 220 - 240 V- 50/60 Hz
- power: 70 W

Electric shoe dryer **SW-471**

- electric radiator for shoes and gloves
- gentle drying
- thermal tubes dry 2 pairs of shoes at once
- energy-efficient – low power consumption
- easy to use
- power supply: 230 V- 50 Hz
- power: 40 W

Electric shoe dryer **SW-470**

- electric radiator for shoes and gloves
- gentle drying
- thermal tubes dry up to 4 pairs of shoes at once
- energy-efficient – low power consumption
- easy to use
- power supply: 230 V- 50 Hz
- power: 70 W

Powerful lint remover **LR-200**

- effectively removes lint from all types of fabrics
- indicator light for power connection
- removable transparent lint container
- built-in rechargeable battery
- long battery life
- charging via USB adapter 5 V, 1 A (not included)
- power supply: 2,4 V (NiMH/400 mAh)

Before use

After use

Powerful lint remover **LR-103**

- effectively removes lint from all types of fabrics
- indicator light for power connection
- removable transparent lint container
- built-in rechargeable battery
- long battery life
- charging via power supply: 230 V- 50 Hz, 5 V/0,5 - 1 A/2 W
- power supply: 2,4 V (NiMH/600 mAh)

Powerful lint remover **LR-102**

- effectively removes lint from all types of fabrics
- removable transparent lint container
- power supply: 3V (2xAA)

Powerful lint remover **LR-101 P/B**

- effectively removes lint from all types of fabrics
- indicator light for power connection
- removable transparent lint container
- built-in rechargeable battery
- long battery life
- charging via power outlet: 230 V- 50 Hz, 5 V/0,5 - 1 A/3 W
- power supply: 2,4 V (NiMH/400 mAh)

Insect killer MK-7

- portable insect killer with LED light and power bank function
- eco-friendly insect elimination using high voltage with low, safe current (500 V)
- does not produce any toxic substances, gases, or other impurities
- LED light (max. 150 lm)
- power bank function (5 V, 2 000 mAh)
- ideal for use at home, in a cottage, or in a campsite
- lighting/insect killer/both functions mode
- easy to use and maintain (includes a practical cleaning brush)
- convenient hook for hanging
- power supply: built-in rechargeable lithium battery 3,7 V, 2 000 mAh

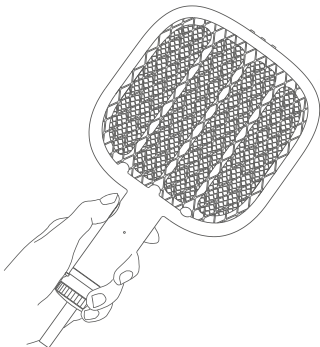

best friend **for camping**

Insect catchers

Insect killer MK-6

- portable 2-in-1 insect killer
- eco-friendly insect elimination using high voltage with low, safe current (1 000 V)
- does not produce any toxic substances, gases, or other impurities
- active and passive modes of use
- rocket function/insect killer function
- rocket safety lock
- light sensor
- ideal for use at home, in a cottage, or in a campsite
- easy to use and maintain
- power supply: built-in rechargeable lithium battery 3,7 V/130 mAh

Portable pump

Pump-1

- smart portable air pump
- suitable for bicycles, motorcycles, balls, etc.
- built-in battery ensures long working time
- automatic inflation - the pump stops inflating once the preset pressure is reached
- large LCD digital display
- digital tire pressure detection
- compatible with various nozzles PSI: 0 - 120 PSI, pressure accuracy: ± 1 PSI
- built-in LED flashlight
- battery: 7.4 V/1 200 mAh lithium battery
- charging: 5 V/2 A USB-C

Other
useful devices

Bicycle light

ET3-E067-1

- multifunctional 4-in-1 bicycle phone holder with power bank
- power bank function with a 4 000 mAh battery capacity, easily charge your phone via USB cable
- front light with 2 high-performance LED diodes (brightness 550 lm)
- lighting modes - strong continuous light, weak continuous light, and flashing light
- phone holder with adjustable width from 5,8 to 9 cm
- powerful horn function (130 dB), 5 sound options - wired remote
- handlebar control for easy activation of the horn
- protection rating: IPX4
- output: USB 5 V/0,8 A
- input: 5 V/1 A

Christmas LED light chain **CL-100 CW**

- Christmas light chain with 100 LED bulbs
- very energy-efficient due to the use of LED bulbs
- possibility to connect up to 20 additional chains
- length: 10 m
- LED bulb color: cool white
- power supply: 230 V ~ 50 Hz
- power consumption: 7 W

100 LED ·····

Hair clipper **VS-600**

- modern hair clipper with vacuum suction
- vacuum system for cutting/trimming without mess
- built-in rechargeable battery
- high-quality stainless steel blades
- easy and precise adjustment of cutting length from 0,5 to 18 mm
- operating time per charge: approx. 40 minutes
- accessories: special oil, cleaning brush, power adapter, and comb
- power supply: built-in Ni-Cd 2,4 V 600 mAh battery
- charging: 230 V- 50 Hz, 3,6 V/1 000 mA

Hair clipper **VS-515**

- modern wireless hair clipper with rechargeable battery
- power/charging via USB port of a computer, tablet, power bank, or power adapter
- can operate both from the mains and wirelessly
- 2 comb attachments
- easy and precise adjustment of cutting length from 0,5 to 20 mm
- operating time per charge: approx. 100 minutes
- charging/operation indication with LED light
- accessories: special oil, cleaning brush, USB cable
- power supply: 5 V/500 1 000 mA, 3,7 V (800 mAh Li-ion)

Preparing

Hair clipper **VS-516**

- hair trimmer with rechargeable DC motor
- LED display: shows battery capacity
- 36 guide combs: 1-10 mm and 11-20 mm
- waterproof rating: IPX7
- 1.5 hours of charging and 1.5 hours of use
- USB charging (Type-C)
- accessories: 2 guide combs, lubricating oil, cleaning brush

New

Hair clipper **VS-414**

- modern hair trimmer with rechargeable battery
- high-quality stainless steel blades
- easy length adjustment from 3 to 12 mm
- can be used wirelessly or during charging
- operating time on a full charge: approx. 90 minutes
- LED charging/operating indicator
- accessories: special oil, cleaning brush, USB charging cable
- power: 230 V- 50 Hz, 5 W, 1 200 mAh (Li-ion), 3,7 V

Hair clipper **VS-413**

- suitable for precise work and creating amazing patterns
- perfect device for hair and beard trimming
- high-quality stainless steel blades
- easy length adjustment from 1 to 6 mm
- operating time on a full charge: approx. 25 minutes
- charging indicator
- accessories: special oil, cleaning brush, USB charging cable
- power: 230 V- 50 Hz, 5 W, 600 mAh (Li-ion), 3,7 V

Hair clipper **VS-412 A**

- modern hair clipper with rechargeable battery
- metal body
- high-quality stainless steel blades
- easy and precise length adjustment (3 to 12 mm)
- operating time on a full charge: approx. 50 minutes
- charging indicator with LED light
- accessories: special oil, cleaning brush, power adapter
- power: 230 V- 50 Hz, 600 mAh (Ni-Cd), 3 V
- power consumption: 3 W

Rechargeable multifunctional trimmer **Easyone**

- multifunctional waterproof trimmer 5 in 1
- perfect for hair, beard, and body care
- universal trimming attachment, adjustable length: 1 - 10 mm
- body shaving attachment
- nose and ear hair trimming attachment
- facial shaving attachment
- hair trimming attachment
- wet and dry operation
- easy to clean, just rinse attachments under running water
- operating time on a full charge: approx. 60 minutes
- accessories: special oil, cleaning brush, USB cable
- power: built-in Li-ion battery 3,2 V, 500 mAh
- charging: 230 V- 50 Hz, 5 V/1 000 mA

Trimmers

Rechargeable multifunctional trimmer **Easyone 2**

- waterproof hair, beard, and mustache trimmer
- perfect for hair, beard, and mustache care
- universal trimming attachment, adjustable length: 1 - 10 mm
- wet and dry operation
- easy to clean, just rinse the attachment under running water
- operating time on a full charge: approx. 60 minutes
- accessories: special oil, cleaning brush, USB cable
- power: built-in Li-ion battery 3,2 V, 500 mAh
- charging: 230 V- 50 Hz, 5 V/1 000 mA

Trimmer for ear and nose hair **SC-13**

- cutting head for hair, beard, and mustache trimming
- 2 interchangeable washable cutting heads
- integrated lighting
- rubberized surface
- easy to use and maintain
- accessories: cleaning brush, stand
- power: 1,5 V DC (1 x AA battery)

Facial sauna FI-300

- hydrates the skin, relieves fatigue and stress
- opens pores for more effective cleansing
- relaxes nasal and frontal sinuses
- built-in mirror with LED backlighting
- easy to use and operate
- water tank capacity: 80 ml
- power supply: 220 V - 240 V ~ 50/60 Hz
- power: 280 W

Rotary callus remover CR-800

- quickly rotating head effectively, safely, and painlessly removes unwanted hard and dead skin on heels
- leaves feet smooth and soft to the touch
- ergonomically shaped handle
- accessories: replacement sanding roller and cleaning brush
- power supply: 4,5 V (3 x 1,5 V AAA batteries)

Facial sauna FI-120 A/AP

- steam attachment for nasal inhalation of steam
- hydrates the skin and naturally cleanses the face
- relieves fatigue and stress
- relaxes muscles and alleviates pain
- easy to operate and use
- option to add aroma
- power supply: 230 V- 50 Hz
- power: 130 W

Sonic facial cleaner Venere-1

- suitable for all skin types and ages
- gently and effectively cleanses the skin, removing dead skin cells and impurities from pores
- clears pores of excess sebum, bacteria, and toxins
- provides immediate radiance to the skin
- stimulates blood circulation
- power supply: 3,7 V battery (Li-ion 300 mAh)

Silicone skin cleaner **Venere**

- suitable for all skin types and ages
- effectively removes makeup
- gently and efficiently cleanses the skin of impurities, dead skin cells, and helps clear clogged pores
- functions: deep cleansing, skin activation, peeling, and micro-massage
- waterproof and speed-adjustable
- power: 3.7 V battery (Li-ion 400 mAh)

Sonic skin cleaner **FB-04**

- gently and effectively removes impurities, dead skin cells, and helps clear clogged pores
- set of 4 attachments for various uses
- suitable for all skin types and ages
- excellent for removing makeup
- functions: deep cleansing, skin activation, peeling, and micromassage
- power: 3 V (2 x 1.5 V AAA batteries)

Sonic skin cleaner **FB-11**

- gently and effectively removes impurities, dead skin cells, and helps clear clogged pores
- suitable for all skin types and ages
- excellent for removing makeup
- functions: deep cleansing, skin activation, peeling, and micromassage
- waterproof with adjustable speed
- power: 3.7 V (Li-ion 250 mAh battery)

Massage device **MP-800**

- massage device with infrared radiation
- provides soothing and relaxing infrared vibration massage
- helps improve blood circulation in the skin
- 3 operating modes: massage, infrared heating, massage with infrared heating
- 6 massage attachments for body, neck, head, and muscle massage
- extra-long handle for reaching all areas of the body
- adjustable handle angle up to 90°
- power supply: 230 V- 50 Hz
- power: 13 W

Manicure set **Lyra**

- 5-in-1 manicure and pedicure set
- perfect tool for nail care on hands and feet
- easy handling during skin and nail treatment
- 5 different types of attachments for coarse and fine filing and polishing of natural and acrylic nails
- powerful and quiet electric motor
- 2 speed settings
- practical storage box
- power supply: 2 x 1.5 V AA batteries

Dental shower **Stomafresh-05**

- effectively removes bacteria, food particles, and plaque from interdental spaces
- suitable for the care of dental crowns, implants, bridges, and fixed braces
- 4 cleaning modes: pulse, soft, normal, power
- 5 interchangeable nozzles - standard (2x), tongue (2x), and brush (1x)
- water reservoir with a capacity of up to 310 ml
- ergonomic handle
- easy to use
- waterproof protection IPX7
- built-in rechargeable battery: Li-ion 1500 mAh, 3.7 V
- power supply: USB-C 5 V, 1 A

Sonic toothbrush **Stomafresh**

- electric toothbrush
- removes 7x more plaque than a manual toothbrush
- improves gum health
- 5 cleaning modes (cleaning, gentle cleaning, massaging, polishing, whitening)
- 31,000 strokes per minute
- automatic shut-off timer
- pause function
- charging indicator
- charging base
- 2 brush heads
- travel case
- power supply (base): 5 V/1 A
- power supply (toothbrush): 800 mAh, 3.7 V (Li-ion)

Personal scale with Bluetooth

EV-600 BT

- wireless transfer of measured values to a mobile device via Bluetooth
- compatible with Android and iOS
- measures: body weight (kg/lbs), body mass index (BMI), body fat percentage (BF), muscle mass percentage (Muscle), body water percentage (Hydration), bone mass percentage (Bone), basal metabolic rate (BMR), active metabolic rate (AMR)
- safety tempered glass
- precise sensor-weight system
- digital LED display
- weight measurement up to 180 kg
- scale increment: 100 g
- automatic power on with foot touch
- automatic shutdown when idle
- immediate display of measured weight
- overload and battery replacement indicator
- power supply: 3 x 1.5 V AAA batteries

Non-contact infrared digital thermometer

MT-330

- measures not only body temperature but also the temperature of objects or surfaces
- ideal for mothers to measure the temperature of baths, baby bottles, food, or milk
- large LCD display
- fast temperature measurement in 1 second
- memory of the last 32 measurements, easy to track previous temperatures
- option to display temperature in °C or °F
- temperature range for human body: 32 °C - 42.5 °C
- temperature range for objects/environment: 0 °C - 100 °C
- adjustable deviation value for body temperature (calibration)
- automatic shutdown after 15 seconds of inactivity
- audible signal
- power supply: 9 V (1 x 9 V 6F22 battery)

Thermometers

Infrared digital thermometer

MT-210

- non-contact infrared thermometer for measuring temperature in the ear and forehead
- measures both body temperature and temperature of objects or surfaces
- LED display with three colors: green for normal temperature, yellow for fever, red for high fever
- quick temperature measurement in 1 second
- memory for the last 9 measurements, easy tracking of recorded temperatures
- option to display temperatures in °C or °F
- human temperature measurement range: 34 °C - 43 °C
- object/ambient temperature measurement range: 0 °C - 93 °C
- automatic shut-off after 30 seconds of inactivity
- audible signal when measurement is complete
- power supply: 3 V (2 x 1.5 V AAA batteries)

Oximeter

Oxi-1

PULSE RATE

OXYGEN SATURATION

- pulse oximeter with easy control for measuring blood oxygen saturation (SpO2) and heart rate (bpm)
- suitable for at-risk patients, individuals with heart disease, asthmatics, athletes, and healthy people in high-altitude areas
- simple and convenient operation
- OLED display
- automatic shutdown
- low energy consumption
- power supply: 3 V (2 x AAA batteries)

Blood pressure monitor TL-300

- automatic blood pressure monitor for the upper arm
- oscillometric method of measurement
- large, clear LCD display
- simple one-button operation
- measures systolic and diastolic pressure and heart rate
- measurement range: pressure 0 - 305 mmHg, pulse 30 to 160 x/min
- measurement accuracy: +/- 3 mmHg, pulse +/- 5%
- arrhythmia indication
- memory of 199 measurements, including date and time of measurement
- cuff for arm circumference 22 - 42 cm
- automatic shut-off
- low battery indication
- power supply: 4 x AAA batteries or AC adapter (not included)

Blood pressure monitor TL-100

- automatic blood pressure monitor for the upper arm
- oscillometric method of measurement
- large, clear LCD display
- simple one-button operation
- measures systolic and diastolic pressure and heart rate
- measurement range: pressure 0 - 305 mmHg, pulse 30 to 160 x/min
- measurement accuracy: +/- 5 mmHg, pulse +/- 5%
- arrhythmia indication
- memory of 2 x 90 measurements, including date and time of measurement
- cuff for arm circumference 22 - 48 cm
- automatic shut-off
- low battery indication
- power supply: 4 x AA batteries or AC adapter (not included)

Compressor nebulizer NE-31

- suitable for treating respiratory conditions, as well as colds, nasal congestion, and coughs
- facilitates inhalation of all types of medications for respiratory diseases
- effectively delivers inhaled medication to the nose and mouth
- easy to use and clean the device and accessories
- nebulizer capacity: 6 ml
- nebulization rate: 0.2 ml/min
- includes an inhalation mask for both adults and children
- power supply: 220 - 240 V - 50/60 Hz

Heating blanket

EB-160 A

- heating blanket with temperature control
- generates warmth for a pleasant and relaxed sleep
- overheat protection
- LED display
- after detaching the controller, the blanket can be washed in the washing machine
- 6 heating levels
- detachable control unit
- timer switch
- dimensions: 160 x 130 cm
- power supply: 220 V - 240 V- 50/60 Hz
- power consumption: 85 W

Heat
settings

60 W

Heating blanket

EB-150 A

- heated underblanket
- generates warmth for a pleasant and relaxed sleep
- ideal for warming the entire body
- low energy consumption due to low power input
- after detaching the controller, the blanket can be washed in the washing machine
- 3 heating levels
- detachable control unit
- indicator light for power on
- dimensions: 150 x 80 cm
- power supply: 220 - 240 V- 50/60 Hz
- power consumption: 60 W

ACCESSORIES

- hoses for all ORAVA vacuum cleaners

- HEPA filter for vacuum cleaners VY-233 and VY-234

- tube for all ORAVA vacuum cleaners

- HEPA filter for the VY-209 vacuum cleaner

- floor nozzle for all ORAVA vacuum cleaners

- HEPA filter for vacuum cleaner VY-208

- replacement paper bags for bagged vacuum cleaners - pack of 5 pieces

- HEPA filter for vacuum cleaner VY-204

- dust disposable bag for bagged vacuum cleaners - pack of 5 pieces
